To change the world

Are you in? 

XEE is evangelism training that connects people with people relationally and spiritually.

- Highly interactive approach - DVD driven
- Discussion-driven teaching
- Facilitator prep is fast and uncomplicated

The most current and relevant evangelism tool for a highly relational trust/friendship based culture. Interested?

"It was amazing to see our team effectively applying the XEE "Connect" principles of body language and asking engaging questions. At last we have a simple, tangible way of teaching less naturally relational people how to be super-relational without feeling like they're stepping too far out of their comfort zone."
